Dear eBay Member,

eBay is committed to maintaining a safe environment for its community of buyers and sellers. To protect the security of your account, we employ the most advanced security systems in the world and regularly screen our system for unusual activity.

Recently, our Account Review Team identified some unusual activity in your account. Per eBay's user agreement, we have limited access to your account until this issue has been resolved. This is a fraud prevention measure meant to ensure that your account is not compromised.

In order to secure your account and quickly restore full access, we require some specific information from you. We encourage that you log in to your account and restore full access as soon as possible. Maintaining limited access to your account for an extended period of time may result in further limitations on the use of your account or eventual account closure.

Thank you for your prompt attention to this matter. Please understand that this is a security measure meant to help protect you and your account. We apologize for any inconvenience.
